

Schedule

Day One:

- 9:30AM – 10:15AM General Introduction and Welcome, Discussion of Objectives (conference room).
- 10:15AM – 10:45AM Look at demo cells under microscope (lab)
- 10:45AM – 11:00AM Overview of Protocol II and protocol III (lab)
- 11:00AM – 12:30PM Inactivation and plating of MEF, Protocol II (lab)
- 12:30PM – 1:30PM Lunch and Q & A (conference room)
- 1:30PM – 1:45PM Overview of protocol IV (conference room)
- 1:45PM – 4:00PM Splitting human ES cells, Protocol IV (lab)

Day Two:

- 9:00AM – 9:30AM Overview of protocol V (conference room)
- 9:30AM – 11:30AM Selection and Maintenance of human ES cells, Protocol V (lab)
- 11:30AM – 12:00PM Overview of protocol I and discussion on MEF testing (conference room)
- 12:00PM – 1:00PM Lunch and Q & A. (Conference Room)
- 1:00PM – 4:30PM MEF Derivation, Protocol I (Lab)

Day Three:

- 9:00AM – 9:45AM Review, Answer questions, and Overview (Conference Room)
- 9:45AM – 10:30AM Thaw ES cells, Protocol III (lab)
- 10:30AM – 12:00PM Freeze ES cells, Protocol VI (lab)
- 12:00PM – 1:00PM Lunch (conference room)
- 1:00PM – 3:00PM Freeze MEFs, Protocol I (lab)
